

A cross-sectional view of a device assembly 10. The assembly includes a top housing 19 with a central opening 43. A component 46 is positioned within this opening. Below the housing, a series of components are stacked: a layer 13, a component 49, a component 52, and a component 58. A component 76 is located on the left side, and a component 80 is on the right side. A component 16 is positioned between the housing 19 and the component 58. A component 79 is located on the left side, and a component 61 is on the right side. A component 10 is indicated by a wavy line on the right side.
